## ALPHA CONTROL

ELECTRO FRAGMENTIZER

The space family will pass through here for final decontamination.

ANTE ROOM

Assembly room prior to launch.

TORTURE CHAMBER

The Robinsons receive their final physical check-out here.

MEZZANINE (ABOVE)

World-wide press section.

COMMUNICATIONS CENTER

Alpha Control is the launching and tracking facility for the Jupiter mission. Three large television monitors dominate the communications center displaying distant galaxies and the Jupiter 2 launch pad. The tracking crew works at the giant control console filled with a bewildering array of exotic and super-sophisticated instrumentation.
