

In the third season episode "The Great Vegetable Rebellion," Tybo (Stanley Adams), a carrot-like creature is shown who comes from a planet of lush vegetation. This episode stretched the series to its limit as far as plot is concerned. However, the costume designs were interesting as well as the set decoration which features plants and trees far different from any which had been seen during the first two seasons of *Lost in Space*.

(50) "Rocket To Earth" — Wizard alien.

(51) "Cave of the Wizards" — 2 rock-like monsters, assorted machinery, computer brain.

(52) "Treasure of the Lost Planet" — Mechanical head, pirate, 3 aliens, robot parrot.
